

Size up the bottom line

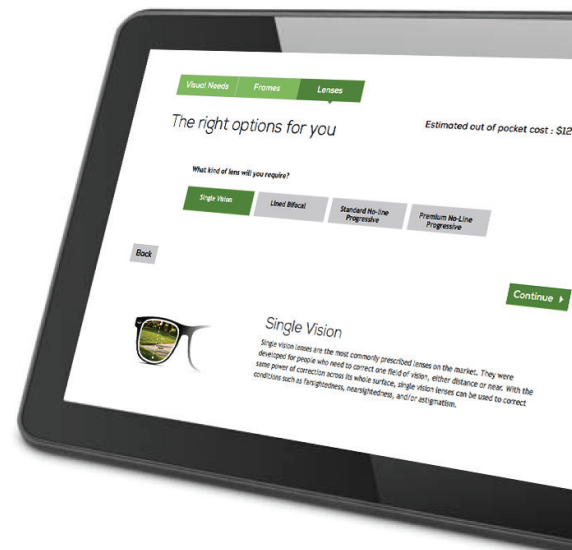

Many of our members don't have out-of-pocket costs beyond their copays. But for those who do, we've designed an industry-first transparency tool. It estimates what their total costs will be ahead of time – so there are fewer surprises when it's time to pay their provider.

MEMBERS GET THEIR TOTAL IN 3 SIMPLE STEPS

Our Know Before You Go out-of-pocket cost estimator is easy to understand and a cinch to use:

- 1 Members choose anticipated services and products
- 2 Explanations of the differing types of frames, lenses, add-ons and contacts are included
- 3 They see their plan-specific out-of-pocket cost total (if any)
